2014 Oklahoma Sod Field Days October 3rd – 4th, 2014

We are having another OSPA Field Days on October 3rd and 4th, 2014. Register Soon!!! At this show we will have several new improvements on mowers to automated sod harvesters producing small rolls, slabs, & big rolls. We have sent invites to over 35 vendors covering every aspect of the sod farming industry, such as trucking, seeding, harvesting, mowing, chemicals, etc.

Our last show was very well attended by 31 state farms and 7 out of state farms, with over 500 people in attendance. We expect to have that many or more this show. We will have a similar format as last time and will end with the sod rodeo contest. We hope each farm will participate in this contest event which consists of 4 events: strongest sod roll (bring your strongest roll of Bermuda sod), sod cutting, loader event, and sod laying contest. Friday evening will be for owners and managers and family to enjoy a BBQ dinner and take a first look at all the products and new technology. Bring your employees and their families out on Saturday for an enjoyable day with the whole family with events from exhibits to food to prizes, and games for all ages.
